K R I L I U M

KRILIUM is the **original** soil conditioner — developed exclusively by Monsanto Chemical Company — tested for years by soil scientists in all parts of the United States. Do not accept any untested "just-as-good" products that are being rushed to market merely to capitalize on the wide acceptance of **KRILIUM**, the original soil conditioner.

What is **KRILIUM** Soil Conditioner?

KRILIUM is a synthetic chemical which quickly turns hard clay and similar "problem" soils into loose, crumbly particles ranging in size from a pin-head to a pea. The result of this action is entirely

mechanical — **KRILIUM** has no fertilizer or plant food value.

We are proud to advise you, that we are one of the very first wholesale distributors to be appointed by the Monsanto Chemical Company. At present the only size available is the 5-pound canister of the Merloam Formulation of **KRILIUM**, the one especially prepared for gardens and lawns. It retails for \$6.95 each. The dealer discount is 33⅓ %, making the dealer's net cost \$4.64 each, or \$27.84 per case of six, f.o.b. St. Louis. The lithographed canister and the folder enclosed in each one will answer all technical questions as to the method of using **KRILIUM**.

ORDER NOW! — IMMEDIATE SHIPMENT

**WHOLESALE ONLY**

We quote to Dealers only, F. O. B. St. Louis, subject to market changes. Terms: Cash; no discount, subject to demand draft. We make an extra charge of 25¢ per package on orders for 60 lbs. or less when priced for full bags. Parcel Post orders 25¢ extra plus postage.

We warrant to the extent of the purchase price that seeds or bulbs sold or as described on the container within recognized tolerances. We give no other or further warranty, express or implied.
